Henry Braun, New Polo A. A., faced Harry O. Rex, Hollywood Inn, in the windup of the 135 pound class. This was a grudge affair as the boys are old rivals. The first round was tame, neither caring to take a cheace. But in the second the fur began to fly. They hammered away until the bell, both shuffling to their chairs with bellows to mend. It was slam bang in the last round. When half the time had elasped the men were so tired they could not hit hard enough to hurt a child. Rex received the judge's verdict.

Heavy the first round.

Heavyweight Class—Semi-final bouts—Arthur Sheridan, Trinity A. C., beat A. J. Reich, Irish Anyerican A. C., the judges agreeing. William Spengier, Union Settlement A. C., beat Charles J. Benz, Hartley House, the referee stopping proceedings in the second round. Final round—Spengier beat Sheridam, the judges agreeing.

Innings.

15 Runs in somery's Southern Association team defeated the St. Louis Browns here this afternoon in a seven inning game, score 16 to 10. Fitcher Bill Bailey blew up in the third inning, when nine locals scored on four fits, five walks, a hit batsman and a sacrifice. Mitchell pitched the succeeding three innings for St. Louis and gave Montgomery six more runs in the fifth round, all opposing batsmen walloping his shoots and running around the bases until weary.

Second Baseman Pratt again starred for St. Louis, setting three corking hits and scoring three times.

Members of the New York A. C. crowded the gymnasium last night to see the final boxing bouts for the championships of the Mr. A. U. 's Metropolitan Association. The fun was-fast and furious, with much heavy punching, numerous knockdowns and some bloodshed.

The referee, John J. Walshi of the Pastime A. C., was caught napping in the first round of the bout in the 145 pound class between John Fitz Henry of the Avonia A. C. and B. F. Williamson of the Central Y. M. C. A. According to the A. A. U. rules a knockdown ends a round, but when Fitz Henry dropped his opponent with a left hook on the jaw the referee allowed Williamson to struggle up for another flattening. Then Walsh stopped the round. The other two rounds were cut short by knockdowns with Williamson on the floor wa. J. Reich, Irish-American A. CANADIAN HOCKEY PLAYERS END FUN

Pleasure Trip to Show Their Skill Results in Victory for Quebecs.

SOME SCRAPS INCIDENTALLY

Referee Sends Marks and Cleghorn to the Bench and Others Quiet Down.

The Quebec hockey players scored the most goals in the two nights match with the Wanderers of Montreal. They did the better work in each night's play, making 7 to 4 goals last night and 5 to 4 on Thursday

for a total score of 12 to 8. The Canadian players will return to the Dominion after a pleasant vacation in New York. During their visit here their expenses were paid. They also received a little spending money and incidentally showed how hockey is played in Canada.

Last night the St. Nicholas rink was well filled and the spectators worked thera-selves into a frenzy rooting for the Wanderers. Their only reason for doing this was that the Wanderer team was the under dog. Then too the two Cleghorns had played here as amateurs. All the rooting in the world could not beat the champions and winners of the Stanley cup, the Quebecs. Their team work, together with the phenomenal defence of Moran at goal, the property of the stanley cup, the Quebecs. Their team work, together with the phenomenal defence of Moran at goal, the precy Haughton, Harvard's head coach, the counted a regular in the fall. Felton, however, is the only forward who has played varsity football more than one year, so that the spring work will take on unusual importance because of the necessity for finding the material from which to build a line next September. gave them a safe advantage at any time. The Wanderers were spectacular at times. Ross made some wonderful snakelike rushes and Sprague Cleghorn did valiant

opponents down to a minimum in the scoring line.

There were two players on the Wanderers' team who showed real form, Ross, whose runs were always spectacular, and S. Cleghorn, who did some clever work, but who had an early season grudge to settle with Marks of the Quebecs, and consequently these two players sat out a good part of the game. In the second period they started scrapping and other players started in to help them. Sticks were high in the pir and things looked ominous, but Referee Russell Bowie jumped in between the hot headed players and sent Marks and Cleghorn to the bench for the rest of the period. The others quieted at once.

There were many spectacular plays and many remarkable shots were made on each side. The skating was fast and brilliant and Moran stopped many hard shots, while Boyes let several get by him.

It was a pretty exhibition and one familiar with the game realized how brilliant the game might be at home when the rules were strictly enforced and when the players were really playing for a title or under some incentive other than a sightseeing trip.

HARVARD SPRING FOOTBALL.

Will Begin To-morrow With Capt. Wendell in Charge—Rowing Outlook. CAMBRIDGE, Mass., March 28.—Capt. Percy Wendell of the Harvard varsity football team for 1912 has called out his candidates for three weeks spring practice on Soldiers Field beginning Mon-day. Wendell himself will take active charge of the squad, which is expected to comprise mostly players who have had no experience with the varsity.

At the same time, however, many of the veterans will be urged to come out, for considerable, work is outlined on plays and formations, and as last year it is likely that there will be scrimmage work during the last week of the practice. Realizing that the rush line problem will be greater even than a year ago. Wendell has canvassed the college thoroughly for big men. Both Leslie and ex-Capt. Fisher, the two varsity guards last year, will be graduated this spring, as will Parmenter, who played centre in the Yale game. Bud Smith, Harvard's best end, also is a 1912 man, and so is Hunt-inston, who played centre and fullback on Fisher's team last fall. This leaves Storer, centre on the fresh-

man team two years ago, and who was at left tackle; against Yale Hitchcock, the right tackle, and Felton, the right end, as the only remaining veteran rush line material, although O'Brien, who played left end against Princeton, will be counted a regular in the fall.

Percy Haughton, Harvard's head coach

who will be at Cambridge at least another season, apparently is satisfied that the Ross made some wonderful snakelike rushes and Sprague Cleghorn did valiant work, but their efforts ended when they met Moran. He turned their shots aside as easily as a negro avoids the balls thrown at his head at a country circus.

The Quebecs played easily until toward the end of the second period, when they started in with a rush and scored four goals in a Mttle more than four minutes. They could have continued that work through the third period if the entertainment they had received in this city had not told on their work. As it was they were able to keep their opponents down to a minimum in the scoring line.

This was the third meeting between the teams. When the pair met in their initial contest in this city three weeks ago the result was 1—1; the following week they battled on the Hudson's grounds and the result was again even, 3—3. The teams played a hard game to-day and when the full ninety minutes had been tolled off neither side had troubled the scorers. In the extra periods the Hudsons tallied their first and final count from the foot of Capt. Carter, after Will Robinson had missed a kick in close proximity to his goal. The winning shot was low and did not give Goalkeeper Pearce the semblance of a chance of stopping the ball.

CYCLIST GOODWIN'S TRIPLE VICTORY

Vanden Dries Defeated in Special Race in Thirteenth Regiment Armory.

TAME ENDING TO FEATURE

Picard Deprived of Sack Race Record Through Mistake in Timing.

The Thirteenth Artillery district held its thirty-eighth games in the armory in Brooklyn last night, the event to create the biggest stir being a two mile match cycle race between Goodwin and Vanden Dries, rivals for the indoor wheeling crown. instead of being a real sensation the test fizzled lamentably, for Goodwin finished test fizzled lamentably, for Goodwin finished alone in 5 minutes 43 seconds. The men crept along for about forty yards when Goodwin jumped off and gained a start of about fifteen yards on his opponent. They skimmed around the boards at a great clip with Goodwin holding the advantage, but when two laps had been covered Vanden Dries took a header and the contest ended.

Half an hour afterward Goodwin showed in the two mile cycle handicap, closed, which he won in 4 minutes 53 1-5 seconds. These figures created a new armory record. The old mark was 4 minutes 56 1-5 seconds made by Oscar Goerke at the fall games

The old mark was a minutes 56 1-5 seconds made by Oscar Goerke at the fall games of 1904.

As a sort of preliminary canter to the match with Vanden Dries, Goodwin started in the mile handicap, which was closed to members of the Thirteenth. From the moment the gun sent the half dozen riders away Goodwin cut out a nice even pace and shaved the turns without losing an Inch. He won comfortably in 2 minutes 23 seconds, figures which wiped away the previous army record of 2 minutes 23 seconds, to the credit of W. Raleigh since 1904.

L. Picano, a member of the regimental band, won the 176 yard sack race in time announced to be 35 4-5 seconds. Evidently there was a mistake somewhere, for a private timer made it 26 4-5 seconds. Had this been the official time it would constitute a new Military Athletic League record. A member of the Thirteenth said it was a record, but the result had to stand as announced. The summaries:

ALL STAR HOCKEY TEAM.

Players Who Have Done Well in the Winter Tournament.

Five amateur teams of seven players each took part in the tournament of the Amateur Hockey League and after a close series of games the Crescent Athletic Club seven won after a tie with the Wanderers. The Crescent team is largely mposed of men who have been playing the game for many years. Wall, Dobby, Liffiton and Shirreff are veterans at the game, and Kennedy is no youngster. That these men should have won again and secured permanent possession of the cup was rather surprising and more so when it is considered that they played against much younger players, some of whom are fresh from Canada, where they learn to skate and play hockey as soon as they can stand. In picking the seven best players of the season naturally the Cres-cent men will figure prominently, not so much perhaps because of their dash and brilliancy of play but because coolness, good judgment and thorough knowledge of the game.

legiate Fencing Association tournament. The University of Pennsylvania also qualified for the finals in New York next week, winning fifteen and losing twelve bouts. Columbia secured eight victories and suffered nineteen defeats, while Princeton, which was not certain of bringing a team until the last moment won five bouts and lost twenty-two.

The excellent showing of the Navy team to-day has strengthened the belief of its friends that it has an excellent chance to win the championship this year. Larimer and Dodd won all of their bouts, Broadbent dropping only one. Northrup of Columbia and Dalsheimer, McPherson and Vanbuskirk of Pennsylvania won five bouts each.
